Hi:

Do you support Slavery?

Do you support an apartheid in South Africa?

Do you support an apartheid in Palestine?

Desmond Tutu wrote an article about the Apartheid in the Holy Land which appeared in The Guardian on Monday April 29, 2002. It included the following:

"But you know as well as I do that, somehow, the Israeli government is placed on a pedestal [in the US], and to criticise it is to be immediately dubbed anti-semitic, as if the Palestinians were not semitic. I am not even anti-white, despite the madness of that group. And how did it come about that Israel was collaborating with the apartheid government on security measures?

People are scared in this country [the US], to say wrong is wrong because the Jewish lobby is powerful - very powerful. Well, so what? For goodness sake, this is God's world! We live in a moral universe. The apartheid government was very powerful, but today it no longer exists. Hitler, Mussolini, Stalin, Pinochet, Milosevic, and Idi Amin were all powerful, but in the end they bit the dust."

Why isn't there an International Campaign against the Apartheid in Palestine?

The first terrorists after World War II were the Zionist Terrorist Insurgency in Palestine. This Zionist Insurgency began while the world was occupied with the Nuremberg Trials at the end of WWII. It had been planned since 1897 and they were waiting for an opportune time. The United States continues to support this insurgency with Billions of dollars in Financial and Military aid despite the fact that they have unregulated non-conventional arsenals.

These Insurgences are a more serious threat to the United States than all other causes! Not only does Congress vote Yes to whatever they want, Congress goes out of its way to vote YES in support of Zionist Terrorist's austerities. The most recent example was the destruction of Lebanon! Israel used United States supplied (some secretly) Weapons to Destroy United States taxpayer built infrastructure in Lebanon. Did the United States also secretly supply Israel with its Nuclear Bombs and/or the technology and materials to make them? Lebanon's coastline could take up to 10 years to recover from a massive oil spill. Why hasn't the United States condemned Israel for the unnecessary bombing of Lebanon storage facilities that they had to know would cause severe environmental damage? Why hasn't the United States condemned Israel for the use of Cluster Bombs?

In addition to their attack on Lebanon they continue their inhuman treatment of the Palestine people. Israel is allowed to violate International Law and United Nations Resolutions with impunity while other Nations in the area are bombed or invaded for these violations. The Zionist Terrorist Insurgences which many of the United States Politicians refer to as their friend Israel is really a Terrorist State within the State of Palestine. Just because the United States does not call it The State of Palestine, does not mean it is not a State.

Lebanon, Palestine, and the United States are Democracies.

Why does our government think that being a democracy means doing what the Zionist terrorists want?

WE ARE NOW REAPING WHAT OUR GOVERNMENT HAS SOWN.

Since the government represents us, this blood is on our hands. How much more blood of the Palestine Freedom Fighters will our government put on our hands?

Over a trillion dollars of United States Taxpayer dollars has been spent supporting these terrorists. Will our government continue to support them until the United States is bankrupt?

Thousands of lives have been lost by Nations fighting wars against the enemies of the Zionist Terrorists. Will the United States government continue fighting these wars for the Zionist Terrorists to the last American?

Will our government representatives start voting YES for what the United States Citizens want and NO to the Zionist Terrorists and other Special Interest groups or will we become like the Nazis?

The Tonight Show has had Senator John McCain and Bill Maher on the show apparently to persuade the American People that Israeli aggression against Lebanon is justified. They both used an example of someone in Canada firing rockets into the United States. What would the American Citizens do?

They fail to mention that the cause of most if not all of these problems is the Zionist Terrorist Insurgency into Palestine which President Truman made the colossal mistake of recognizing as the state of Israel.

Were the Germans being treated like the Palestine people are now being treated before the Nazis took over?

A better example would be to go south. What would the people of the United States do if the Mexican Immigrants rose up and took over a part of the United States? Say Texas and Arizona. What would the American Citizens do? Who are the Terrorists?

Now also consider that some foreign power (You chose one) thousands of miles away recognizes this insurgency as the independent state of Tejas and gets the United Nations to recognize it as an independent state. This foreign power also provides Financial and Military aid to Tejas with no questions asked and no restrictions even though it is in violation of International Law and UN Resolutions. Tejas decides it does not like the boundaries set by the UN, refuses to abide by them, and takes additional land from the United States. This foreign power says that is OK, you can set your own boundaries if the other states refuse to accept you as Tejas. What would the American Citizens do? Who are the Terrorists?

This foreign power does not object to Tejas having WMD and publicly ignores the fact that they have these weapons. This foreign power also provides the missiles to deliver the WMD. What would the American Citizens do? Who are the Terrorists?

This foreign power maintains that Tejas has the right to exist and they are a special friend. Is this a special friend or is it blackmail? What would the American Citizens think? Who are the Terrorists?

Holocaust museums are being built around the world. I have never been to one.

Do they have information about the First recorded Holocaust which was perpetrated by the Israelis when they took the Palestine land away from the aboriginal people? The Israelis created this Holocaust by wiping out the Amorites, Hittites, Perizzites, Canaanites, Hivites and Jebusites.

Does it explain the genocides committed by the Israelis?

Does it tell about the sex slaves they took after killing the men and children?
